## JENKINS & ORME'S CIRCUS

Marion's Young Men Make a Success of Their Circus—Big Crowd Attend, Good Parade

## SOME MARVELOUS PERFORMANCES

When George Orme and Robert Jenkins, two of the youthful and surprising citizens of the city, announced with flaming head lines, that they were going to give a show of real animals and tents and cages like a sure enough show, the town was anxious to see what they would do and were only too glad when the day came, and the big parade passed through the city.

When the tents were well filled, the reserved seats and standing room being well taken, Ray Morgan, grandson of J. P. Morgan, was the special performer and India rubber man. His maneuvers and contortions were a sight to see and he was freely cheered. He is indeed a good trap performer.

Little Misses Roberta Moore and Anna Orme looked like little fairies in their tiny little ponies and each as sweet as a rose bud and as graceful as could be.

Miss Eula Wheeler and her trick horse were loudly cheered when he performed at her bidding.

John William Blue's somersaults were perfection, such as he only could turn.

Little Percy Moore Summerville was one of the best attractions. He was handsome, manly little fellow and he and his ponies brought down the house. He came all the way from Mattoon to "help in the show."

Little Miss Leona Noggle was an exhibit of exceptional ability and when she "skinned a cat" many in the audience were reminded of some of their own childhood performances.

Raymond Olive and his two spaniels were really a treat to see. It is marvellous how much can be taught a dumb animal. His dogs were as good as Gentry's, but he did not have as many of them.

Budley Noggle, George Orme and Lester Schwab and Jessie Olive were used on the trapeze and it is reported they now have an offer to go with Barnum & Bailey and are considering same.

Miss Linda Jenkins was one of the

star performers, riding her horse while standing on his back. She and Gold George had many friends in the audience.

Rhea Love performed some sleight of hand tricks which made several in the audience feel to see if they still had their watches and pocket books. He is a pretty good imitator of the great magician, Herrman.

Douglas Carnahan was a snake charmer and carried his snake around the tent in his hand.

Jamie Howerton and Joe Walker were the clowns and they were daisies too.

The sweet little song bird, Miss Hazel Pollard, delighted the audience with one of her selections and by her sweet face and manner won all hearts. Lucile Pollard and Linda Jenkins were also cheered when they sang a duet.

Th music was furnished by the Marion String Band, composed of Messrs. W. O. Tucker, J. H. Orme and S. M. Jenkins, and was sweet and much appreciated.

## Old Cemetery Neglected.

The old cemetery, wherein lie the remains of many of the county's best people—loved ones of somebody—is in a very undesirable condition. Neglected, grown up in weeds and bushes. We should not in our zeal and enthusiasm over the new entirely forget the old for there is no friend like an old friend. What should be done? This cemetery is within the city limits and deserves of us all the attention, which its age merits and which our love for those buried there prompts.

The spot is naturally beautiful and is hallowed in the memory of many of the older citizens of Marion on account of its sacred associations, and of its having been the trying place for many a young couple a quarter and a half century ago.

Will the men sit still and let the good women make the first move as usual?

## Ramage-Guess.

Mr. Harry Ramage and Miss Lillie Guess surprised their friends Sunday, by going to Elizabethtown, Ill., and getting married. They were accompanied by the bride's brother, Mr. Claude Guess, and Miss Linnie Nunn. The groom is the son of Mr. and Mrs. S. H. Ramage of this city and is a tinner by trade.

The bride is the daughter of Mr. and Mrs. S. R. Guess of this city and is a very attractive young lady.

## THE GRIM REAPER'S ABUNDANT HARVEST.

Death Invades Many Homes and Marion and Community Stricken As Never Before.

SIX PERSONS WELL KNOWN IN MARION HAVE PASSED AWAY IN AS MANY DAYS

Mrs. Emiline Gordon, wife of Frank Wheeler, and daughter of the late W. C. Carnahan, Marion's wealthiest citizen at the time of his death, died Sunday morning, July 14, 1907, at nine o'clock at her home in this city corner Bellville and College streets, after an illness extending over several years, during which she suffered greatly from rheumatism and other bodily infirmities which kept her in her room and bed most of the time. Probably no resident of Marion has ever been afflicted so acutely as has Mrs. Wheeler and the sympathy of the public has been with her and her husband the whole time.

She was born Oct. 21, 1852, and was therefore in her 55th year.

She is survived by her husband, who has been her inseparable companion and nurse for several years and who by his kindness to his afflicted wife, has won the love and admiration of all familiar with the great care and responsibility which she has been to him. Never a word of complaint has he made, but has forsaken everything else for her.

Mrs. Wheeler was the mother of two sons, Gussie, who died in infancy, and Claude, who met an untimely death Aug. 3, 1900 having been shot by an unknown assassin.

His widow, Mrs. Mattie Clark Wheeler, and three children, Eula, Floyd and Bradburn, make their home now with the bereaved grand-father. She is survived by one brother, Mr. W. G. Carnahan, and by one half sister, Mrs. Electra Frisbie, both of this city.

Mrs. Wheeler was converted under the preaching of Rev. B. A. Cundiff and joined the Methodist church about twenty years ago.

The funeral was conducted Monday afternoon at 4 o'clock by the Rev. Virgil Elgin from the family residence and the interment was in the new cemetery.

## Howard McConnell.

Death is always sad and each person called on to surrender to the grim destroyer is dear to someone. The old who have lived out their three score and ten years expect his call, and not infrequently is the little one taken before the dawn of childhood's happy days and while yet the tiny one is in the arms of its dotting parents, all this seems sad to the afflicted ones, but when we are called upon to look on the form of a fine young man just grown to man's estate, laid low by the hand of death which has snatched him from the love and life of his sweetheart wife it is peculiarly heart-rending and we feel that the ways of the divine power are inscrutable and not for us to know.

Charles Howard McConnell, whose remains reached here Tuesday morning from El Paso, Texas, after a three days journey across the continent, had just attained his twenty-fifth year and was just a boy, so full of life and promise a few months back when he was attacked by tuberculosis, which at first did not seem to be a serious case, but which developed rapidly until he was advised to seek another climate, which he did last May by going to El Paso, Tex., where at first he was thought to be improving. He soon realized though that his improvement was only temporary and that the disease

was alluring him on to his death. His wife, friends and family were notified and last week his devoted wife started on the long and sad journey to be at his bedside. He recognized her, but was in a delirium most of the time and lived only a few days after she reached his bedside.

He had met an old friend there, Pate Cossitt, who showed him many kindnesses during his illness and who also was most thoughtful to the bereaved young widow, who came all the distance alone with her dead arriving here at 8 a. m. Tuesday.

The remains were met at the station by a large crowd of the friends of the dead telegrapher, and were taken to the residence of his father-in-law, A. J. Duvall.

The funeral was conducted Wednesday afternoon at the residence by Revs. J. H. Butler and Virgil Elgin and the remains were laid to rest in the new cemetery. The Order of Railway Telegraphers sent many of their members, and many beautiful floral offerings were sent by friends of the family and of the dead.

Charles Howard McConnell was born in Crittenden county April 8, 1882, died in El Paso, Tex., July 13, 1907. He professed religion and joined the Methodist church in Smithland in May, 1900.

His mother, who was Miss Rosa Carter, well known here, died June 9, 1903. His father, Rev. R. T. McConnell, of Big Springs, Ky., survives him, also four brothers, one sister and one half brother.

He was married two years ago, Aug. 6, 1905, to Miss Lilly Duvall, daughter of A. J. Duvall, of this city, and the union was blessed with one little babe, which preceded its father to the grave last winter.

## Mrs. Martha D. Clark.

Mrs. Martha D. Clark died Sunday, July 14, 1907, at her home in Tolu. She was born in this county near Crittenden Springs Dec. 19, 1849.

She was the widow of the late Robert S. Clark, who preceded her to the grave fourteen years ago. She was the mother of Eugene Clark, a well known citizen of Tolu, who was the only child.

She was buried at Hurricane Monday, Revs. W. R. Gibbs and E. D. Boggess officiating.

Mrs. Clark was a christian woman and a member of the Baptist church.

## Roscoe Rochester.

The great sympathetic heart of Marion goes out to Mr. and Mrs. W. N. Rochester in the death of their first born, which sad event took place at 11 o'clock Tuesday night at St. Mary's Hospital in Evansville, Ind.

Expected as it had been for several days, the news from his bedside having been most unfavorable from the start, when the message came early Wednesday morning that Roscoe Rochester was dead it sent a thrill of sorrow, genuine and deep, through many hearts in Marion where he was born and had grown to promising young manhood. Polite and gentlemanly in his deportment, quiet and unassuming in manner he was held in high esteem by everyone. He had not reached his nineteenth

year, having been born August 22, 1888. He was a member of the M. E. church, South, and had been for three years. He was also a member of the W. O. W. Lodge.

Besides his parents he is survived by one brother, W. N. Rochester, the 3rd, and two sisters, Vivian and Elizabeth.

The remains arrived here on the 11 o'clock train Wednesday morning and were taken to the home of his childhood, near the city.

The funeral will be held this (Thursday) afternoon at 4 o'clock at the M. E. church, South, and will be conducted by Rev. Virgil Elgin. The interment and funeral arrangements will be in charge of the W. O. W. Lodge.

## Miss Lake Farris.

Miss Lake Farris, of Salem, died Tuesday, July 16, at seven o'clock in the morning. She was thirty-eight years old and a daughter of Mr. and Mrs. John R. Farris. She was a member of Marion Baptist church, her membership having been moved from Pineknobville.

The funeral was at the home by Rev. T. C. Carter Tuesday afternoon, and the burial at home cemetery.

She suffered intensely for several weeks with a complication of diseases. First from a tumor which was removed in the Paducah hospital, later appendicitis developed and then peritonitis.

During it all she was patient and resigned, never murmuring against her lot. Miss Lake was well known and loved here, where she resided several years and won many hearts by her sweet disposition.

Her sister, Mrs. John Cochran, of this city, attended the funeral, also Mr. Cochran. Mrs. Carleton, of Crayneville, is also a sister, also Mrs. Wert Pierce.

Mr. and Mrs. Farris have the sympathy of all in their affliction.

## Mrs. George Gahagan.

Mrs. George Gahagan died very suddenly Thursday, July 11, 1907. On Wednesday evening she retired apparently well, but in the morning when some one went to awake her at four o'clock it was found that she had died during the night.

She was born September 14, 1855 and professed religion in 1870 under the ministry of Rev. R. C. Love. Before her marriage in 1876 she was Miss Phillips, a daughter of Mr. Mike Phillips.

The funeral was held at Bells Mines church conducted by Rev. W. T. Oakley in the presence of a large crowd of friends.

## Mrs. R. A. Dowell Dead.

A telegram to Mr. W. E. Dowell, of Tolu, Saturday brought the shockingly sudden news of the death of his mother at her summer home in Wellsford, Kansas, early Saturday morning. He received a second message later in the day announcing Tuesday as the date of the funeral and burial. Mr. Dowell left as soon as he could make arrangements, for Wellsford.

Mrs. Dowell was Miss Eliza Hill, daughter of the late Col. E. W. Hill, of this county, and lived all her life in this vicinity until the family moved to Wellsford, Kans., about twenty years ago. She leaves three sons and four daughters, Frank Dowell, of Wellsford, R. E. Dowell, of Wichita, Kan., W. E. Dowell, of Tolu, Ky., Mesdames Al Woods, Tildford Elder, Ike Young and Lyde Hopper, all of Kansas.

Mrs. Dowell was a sister of E. P. Hill, of this city, and a half sister of Mrs. J. W. Belt, of the county.

Judge Dowell built and occupied the large brick residence now owned by R. W. Kemp, south of the city. Mrs. Dowell was known to many of our older citizens and was highly esteemed by all.

## DYCUSBURG DESTROYED

Almost the Entire Business Portion of the City together with Three Dwellings Go up in Flames

LOSS \$55,000. INSURANCE \$11,000.

On Tuesday morning about 1 o'clock our little neighboring city, Dycusburg, was practically wiped off the map by fire. The fire is supposed to have originated in the general merchandise store belonging to Griffin & Wells, but the cause is unknown.

The loss is estimated at \$55,000, while the insurance is only \$11,000. The following business houses went up in the flames:

J. I. Hill, grocery; Owen Boaz, grocery; Will Dyeus, grocery; Will Lowery, grocery; Geo. Decker, grocery; W. L. Bennett & Co., general merchandise; Griffin & Wells, Gen. merchandise; Dr. Phillips, drug store and office; Gregory's livery stable, Post Office, Peoples Bank, Rhodes' hotel, Yates, hotel and residence; J. R. Glass, hardware store. Three residences were burned belonging respectively to J. B. Bennett, Ed. Lowery and T. J. Yates.

We have not been able to secure the full particulars concerning the fire, the loss and etc., but it is thought that S. H. Cassidy & Co. are the heaviest losers. We understand Dr. Phillips and the Bank will rebuild soon.

## Sunday School Picnic

On Thursday of last week the pupils of the Methodist Sunday School betook themselves to the Crittenden Springs for a picnic. There were about two hundred picnickers, and they certainly enjoyed the outing.

There were two professional base ball games. The teams were composed of such famous players as H. K. Woods, T. H. Cochran, C. S. Nunn, Dr. Frazer, Enoch Fritts, Joe Walker, W. O. Tucker and others of equal fame. It was too bad the rain put an end to the game when scores were running up into the twenties.

The rain fell steadily all the afternoon and Mrs. Davidson turned the hotel corridors and porches over to the crowd and every one enjoyed the afternoon. The children romped and the old folks chatted.

On account of the inclement weather quite a number of the picnickers had to remain over night and enjoy the hospitality dispensed by Mr. Davidson.

## Thanks to the W. O. W.

I wish to express my sincerest thanks and gratitude to the members of the W. O. W. Lodge for their kind offering. May God's richest blessings rest on each and everyone of you is the best wishes of

Mrs. W. T. CARLOSS.

## Commits Suicide.

C. W. Oldrieve, the water-walker, who won a \$5000, wager by walking on the water from Pittsburg to New Orleans, committed suicide at Memphis, Tenn., Saturday. His wife was buried to death July 4th, by an explosion. He went on a spree and ended his life in a debauch.

## Notice.

All persons having claims against the estate of J. S. Barnes, deceased, will please present the same to me, or J. Mack Thompson, at Sturgis, Ky., on or before the first day of September 1907, properly proven as required by law, or the same will be forever barred.

H. L. CULLEY, Admr. of J. S. Barnes. 6-St

## More Lots At Bargain Prices

We are planning to have another lot sale on August 1st, 1907, and those that missed buying a lot July 4th may have another opportunity to start a home on the installment plan.

We are making a plat of about twenty lots on the North side of the extension of West Gum street, and will auction them upon the same terms as those sold on July 4th, being \$10.00 cash and \$2.00 per month until the lots are paid for. Should the purchaser die before paying the installments due, a deed without further payment will be made to the heirs of the deceased purchaser.

## If Opportunities Knock Why Not Take Heed?

West Gum street, upon which these lots are located, is one of the principal residence streets of Marion, and as beautiful homes as can be found in any part of the city is to be seen on this street. It is the coming part of the town. There are no disadvantages to these lots, being outside of the city limits, no town tax to pay, yet one is in reach and can grasp every opportunity afforded by our hustling little city.

Remember August 1st, 1907, is the last chance you will have to buy town property in Marion upon the installment plan, so act wisely and be satisfied.

Little Percy Moore Summerville was one of the best attractions. He is handsome, manly little fellow and he and his ponies brought down the house. He came all the way from Mattoon to "help in the show."

Little Miss Leona Noggle was an exhibit of exceptional ability and when she "skinned a cat" many in the audience were reminded of some of their own childhood performances.

Raymond Olive and his two spaniels were really a treat to see. It is marvellous how much can be taught a dumb animal. His dogs were as good as Gentry's, but he did not have as many of them.

Budley Noggle, George Orme and Lester Schwab and Jessie Olive were on the trapeze and it is reported they now have an offer to go with Brown & Bailey and are considering the same.

Miss Linda Jenkins was one of the

star performers, riding her horse while standing on his back. She and "old George" had many friends in the audience.

Rhea Love performed some sleight of hand tricks which made several in the audience feel to see if they still had their watches and pocket books. He is a pretty good imitator of the great magician, Herriman.

Douglas Carnahan was a snake charmer and carried his snake around the tent in his hand.

Jamie Howerton and Joe Walker were the clowns and they were daisies too.

The sweet little song bird, Miss Hazel Pollard, delighted the audience with one of her selections and by her sweet face and manner won all hearts.

Luelle Pollard and Linda Jenkins were also cheered when they sang a duet.

The music was furnished by the Marion String Band, composed of Messrs. W. O. Tucker, J. H. Orme and S. M. Jenkins, and was sweet and much appreciated.

Tucker and others of equal fame. It was too bad the rain put an end to the game when scores were running up into the twenties.

The rain fell steadily all the afternoon and Mrs. Davidson turned the hotel corridors and porches over to the crowd and every one enjoyed the afternoon. The children romped and the old folks chatted.

On account of the inclement weather quite a number of the picnickers had to remain over night and enjoy the hospitality dispensed by Mr. Davidson.

## Commits Suicide.

C. W. Oldrieve, the water-walker, who won a \$5000, wager by walking on the water from Pittsburg to New Orleans, committed suicide at Memphis, Tenn., Saturday. His wife was burned to death July 4th, by an explosion. He went on a spree and ended his life in a debauch.

## More Lots At Bargain Prices

We are planning to have another lot sale on August 1st, 1907, and those that missed buying a lot July 4th may have another opportunity to start a home on the installment plan.

We are making a plat of about twenty lots on the North side of the extension of West Gum street, and will auction them upon the same terms as those sold on July 14th, being \$10.00 cash and \$2.00 per month until the lots are paid for. Should the purchaser die before paying the installments due, a deed without further payment will be made to the heirs of the deceased purchaser.

## If Opportunities Knock Why Not Take Heed?

West Gum street, upon which these lots are located, is one of the principal residence streets of Marion, and as beautiful homes as can be found in any part of the city is to be seen on this street. It is the coming part of the town. There are no disadvantages to these lots, being outside of the city limits, no town tax to pay, yet one is in reach and can grasp every opportunity afforded by our hustling little city.

Remember August 1st, 1907, is the last chance you will have to buy town property in Marion upon the installment plan, so act wisely and be satisfied.

## BITS OF BY-PLAY

There is a somebody on the Louisville Daily Times who contributes something like a column to its pages under a special caption. The sign-board at the head of the column reads "All Around the Town." This signboard is decorated around the edges with an eight point linotype border which produces a sort of park flower bed effect.

We started to say this somebody was a bright young man, but upon reflection we decided it might be a bright young lady. Be that as it may, the column brightens up the pages of the Times. In the issue of July 2nd there appears a story of a certain woman who bought mourning from a well known Fourth Avenue merchant. She explained that her daughter was about to die. A week later she brought the mourning goods back and informed the clerk that her daughter did not die. This reminds us of something that occurred in Crittenden county several years ago and we tell it here for the truth. We will name the man Jones—John Jones. He lived a few miles from Marion in the country. Mrs. John Jones became very ill and was expected to die. She lingered for months and finally after being in this condition about one year she did die. In a week or so after the funeral Mr. Jones married again and in a few days thereafter he sat at meat in Marion. The good woman of the house felt called upon to direct the flow of conversation and having heard of Mr. Jones' recent marriage she innocently asked, "Mr. Jones, how long has your first wife been dead?"

This was like a bolt of lightning out of a clear sky and Mr. Jones halted and stammered.

"About—ahem—that is to say—well, sick and dead together about a year."

Jim Woodall has actually gone to work. Climbing into a barber chair the other day Jim said,

"I'm broke and I'll be dad bobbed if that ain't the truth. Besides I can't get any help. My children have all gone. If there is anything done on my farm I've got to do it. Why do you know, I have to plow!"

And Jim looked at the barber like he expected a denial of the statement.

"Yes, by grabs, I want to sell out and if you see anvoue who wants a good farm cheap tell them to call on me."

By this time the barber had Jim covered so with lather that there was no sound escaped. A little bubble on the surface indicated that Jim still lived and breathed, and the barber kept on shaving.

Modern dental work has gone from an insignificant business to one of gigantic proportions. Forty years ago the tools needed by the dentist were very few. Physicians all over the country pulled teeth and that was about the sum total of dental

Don't have a falling out with your hair. It might leave you! Then what? That would mean thin, scraggly, uneven, rough hair. Keep your hair at home! Fasten it tightly to your scalp! You can easily do it with Ayer's Hair Vigor. It is something more than a simple hair dressing. It is a hair medicine, a hair tonic, a hair food.

operations. Since then there has been a wonderful change. Modern dental work is now practised all over the world.

The Young passed through Marion and drove on towards Tolu. In his buggy was a dental engine and other tools. He passed Crittenden Springs and some distance the other side stopped at a house. A large woman appeared at the door. Mr. Young said,

"Do you need any dental work here today?"

The woman placed her right hand behind her ear and said,

"What did you say?"

"Do you need any dental work done?" yelled Obay as he mopped his brow with his handkerchief.

The woman placed her hands on her hips and with arms akimbo replied,

"Wall, no, I reckon not, there was a man here last week that fixed our clock."

"Love laughs at locksmiths and romances are found in shingles. Forty years ago a Mr. Fortune wrote a note on a shingle addressed to his prospective father-in-law. The latter wrote his consent on the shingle and sent it back but Mr. Fortune never received it. A few days ago the shingle was found and forwarded to Fortune in the far West. With it went a letter from the girl in the case and she intimated that she was still lonesome. It resulted in a wedding. Neither had ever married."

The well known drug firm of Haynes & Taylor received a letter not long since addressed to

"Hans & Taler."

A lady living close to Marion sat in the midst of a circle of friends. The accomplishments of the daughters of various ones was under discussion. The discussion waxed warm. One of those present remained silent as long as she could but finally broke forth with

"My Sarah plays the graphifoam beautiful. She learnt it by correspondence."

The Louisville Trust Company, of Louisville, Ky., is a banking institution that holds all kinds of property, both personal and realty, in trust for private individuals and corporations. It has under its control a great many houses to rent and for a consideration attends to the renting, repairs, insurance, taxes, etc.

Sue Garner, a colored woman of Marion moved to Louisville and is living in one of the houses which is under the control of the Louisville Trust Co.

Not long ago she was complaining of the excessive rent she paid. Rents in Louisville and Marion differ very much because of the difference in the price of property. Sue, however, explained the difference by saying that the property belonged to a trust and the trusts made high prices and would yet ruin the country.

A few weeks ago when the Ohio was level with the banks some of our farmers wore very long faces. Billy Barnett was in Marion almost treading on his chin, and when asked whether or not he would sell 1000 hogs this year, replied

"It depends on the river."

Jim Canada says if anybody can get closer to a corn row than he they will have to plow it up.

A few days ago a man in New York was looking for work. He suspended about his neck by a cord a placard about two feet square bearing this legend

o o o o o o o o o o o o  
o I Want Work o  
o No Grafters o  
o No Apologies o  
o o o o o o o o o o o

We reproduce this here for the benefit of any one in this county out of work. The plan is certainly novel and it proved to be speedy. The New York man did not have to look long for a job.

There abode at one time in Crittenden county a thrifty farmer. He had long heard of the thrift of his friend not far distant. Being of a studious nature he desired knowledge. He feared that his friend knew of some methods of saving unknown to him so he sent word he would visit him some evening for the purpose of getting a few lessons in economy.

He arrived at early candle light and was ushered in the room. The only light was a single candle burning brightly. After the usual exchange of howdys and neighborhood small talk the host arose and blew out the candle. Mr. Thrifty asked him why he did that and was informed it was merely a lesson in economy. Presently the host heard a shuffling of feet and strangely familiar sounds. He hastily lighted the candle and found Mr. Thrifty calmly seated with his pants folded nicely across the back of a chair.

"What on earth?" exclaimed the host. "Do you want to go to bed?"

"Oh, no, replied Mr. Thrifty, 'this is merely an exchange of economy lessons. While we sit and talk I thought I would remove my pants and thereby save wearing them out that much."

## THREE GRAND CHILDREN

Born In Single Night Not Triplets Either.  
But Each Child of Separate Son.

"I have served four years in the Civil war, thirty-seven years in different capacities at the Quartermaster's Depot in Jeffersonville, two years as City Clerk, two years at the St. Louis Quartermaster's Depot, but I never had such a thing happen before as happened to me last night," said Capt. James E. Ryan. "Three grandchildren were brought to me by the stork at three different homes, my three sons, John G. Ryan, Thos. F. Ryan and William D. Ryan, being the fathers. I can't get rid of the idea that they knew when I got my annual vacation, and they planned a surprise party for me. It looks that way, anyhow," he declared.

Capt. Ryan was feeling somewhat excited after six hours of strenuous life. He had gone to his home, on Ohio avenue, between 10 and 11 o'clock Wednesday night and was dropping into the first doze, when an alarm was sounded on the door. He went to investigate, and a messenger told him there was trouble at the home of his son, John G. Ryan. A hasty trip was made, and the trouble was found to be nothing more serious than a healthy fine boy. Grandpa's equanimity had hardly been restored, when he was called to the home of Thomas F. Ryan, where the messenger said trouble was brewing. It was only a girl, and grandpa had about reached the point where the aid of a physician was needed for him, when a telephone message from Louisville announced that a troublesome boy had just been handed in at the house of William D. Ryan. And that was the finish for grandpa that night. Yesterday he was telling his friends how it felt to read such a strenuous life, and how he was fighting to break even with his sons. He has thirty days leave, and will return to St. Louis July 31.—Louisville Herald.

## Bachelors.

(BY TOM MASSON.)

Bachelors can be found roaming at large in all parts of the world. They inhabit apartments, clubs, open fields, bodies of water and music halls. They are also seen behind scenes. They hover at times near front gates, and have been found in back parlors with the aid of a search light.

Bachelors are nonadhesive in nature and variable in their tastes, never going with one girl long enough to be daughters. They flourish in large cities and are generally used at dinner parties to fill in with.

Every bachelor was once a baby—being the single instance of where history does not repeat itself.

Bachelors are divided into two classes—selfish and unselfish—those who are unborn being the unselfish—Exchange.

## The Doctor Away From Home When Most Needed.

People are often very much disappointed to find their family physician is away from home when they most need his services. Diseases like cramp, colic and cholera morbus require prompt treatment, and have in many instances proved fatal before medicine could be procured or a physician summoned. The right way is to keep at hand a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. No physician can prescribe a better medicine for these diseases. By having it in the house you escape much pain and suffering and all risk. Buy it now; it may save life. For sale by J. H. Orme, the leading druggist in Western Kentucky. Haynes & Taylor, the enterprising druggists, of Marion.

## Don't Ruin Your Best Horse Going for a Doctor

Bowel complaints are always more or less prevalent during the Summer months, and many a man has ruined his best horse going for a doctor when some of his family was suffering from cramp colic or cholera morbus. Be prepared for such an emergency.

### Chamberlain's Colic, Cholera and Diarrhoea Remedy

Is the most successful medicine yet produced for these diseases and can always be depended upon. No doctor can prescribe a better medicine. It is almost certain to be needed before the Summer is over. Buy it now.

#### Terrific Storm Sweeps Louisville.

Sweeping down on unprotected Louisville with a strength more than that of a thousand Sampsons, a terrific rain and hail storm, though bringing relief to the whole city from the sweltering heat, created thousands of dollars worth of damage with the wind which accompanied it with a velocity of from sixty to sixty-eight miles per hour, blowing down trees, roofs of houses and chimneys.

Three hundred thousand dollars damage was estimated as the whole loss sustained.

One fatality was recorded from the storm, and several animals were destroyed by falling trolley wires, Louisville Herald.

#### Sure Cure For Malaria.

Try Yucatan Chill Tonic, superior to all acceptable to the most delicate person. One bottle will work wonders. Guaranteed under the Pure Food and Drugs Act. Price 50c. Sold by all druggists.

#### Hampton Campmeeting.

The Hampton campmeeting will be held August 1 to 15, inclusive. The meeting will be in charge of Rev. C. E. Deas, Rev. Wise, Rev. Robt. Johnson, P. C. Bro. S. H. Prather will conduct the singing, hotel and feed stable on the grounds. JOHN C. HARDIN, Acting Secretary.

#### Hicks' Weather Forecast.

The fourth storm period, he says, will cover the 18th to the 23rd, but generally the rainfall will be scattering and light, but phenomenal 'waterspouts' may be looked for. The culminating storm days will be on the 20th to 22nd, followed by a change to cooler.

The fifth storm period will be central from the 24th to the 26th, the full moon falling on the 24th. Within forty-eight hours of sunset on the 24th, he says, many storms and marked seismic disturbances will be heard from many parts of the earth, so that a maximum of such phenomena may be noted. The temperature will fall after these storms.

The sixth storm period, according to Mr. Hicks, falls within Mercury period, and will be central on the 31st, extending from the 29th two days into August. Much warmer weather with gathering thunder clouds will begin in the west by the 29th, and for the four following days will pass eastward across the continent.

#### How to Cure Chilblains.

"To enjoy freedom from chilblains," writes John Kemp, East Otisfield, Me., "I apply Bucklen's Arnica Salve. Have also used it for salt rheum with excellent results." Guaranteed to cure fever, sores, indolent ulcers, piles, burns, wounds, frost bites and skin diseases. 25c at J. H. Orme's drug store.

#### Mineral Food for Hogs.

The longer we feed hogs, the more firmly are we convinced that a liberal supply of salts and minerals is one of the prime requisites for raising healthy hogs—especially here in the corn belt where food is naturally deficient along those lines. In his wild state the hog gathered his own salts and mineral and was as healthy as any other wild animal. In his domesticated state we must furnish him with these substances which his system craves, if we would have him enjoy his former health and vigor. As soon as the little pigs are big enough to drink slop they should have a little lime water mixed with it daily. Lime water has a tendency to prevent scours and at the same time aids in forming good strong bone. The writer never knew hogs that were fed lime water in their slop while they were pigs to break down. As the pigs grow older they should be fed a liberal supply of charcoal every week. Charcoal is a great absorbent and is very effective in ridding the pig's system of the impurities which are constantly gathering there. It also strengthens the bone and helps to keep the intestines free from worms. To make charcoal simply rake up the cobs in the hog lot into piles of two or three bushels each and burn them. When the cobs have burned until the pile is a glowing mass, put out the fire with salty water. Then see with what eagerness the hogs and pigs will devour every vestige of the remains. "Eternal vigilance is the price of success in the swine business, as it is in every other walk of life." Western Swine Breeder.

#### Doctors Could Not Help Her.

"I had kidney trouble for years," writes Mrs. Raymond Conner, of Shelton, Wash., "and the doctors could not help me. I tried Foley's Kidney Cure, and the very first dose gave me relief and I am now cured. I can not say too much for Foley's Kidney Cure." It makes the diseased kidneys sound so they will eliminate the poisons from the blood. Unless they do this, good health is impossible. Sold by J. H. Orme.

#### Wellman Balloon Struck by Storm.

London, Eng., July 14.—A Spitzbergen message of July 5 says: "The balloon house of the Wellman-Chicago Herald Arctic expedition was damaged by storm on July 4 and although the airship was uninjured, the accident will probably delay the departure of the expedition the members of which by dint of hard work all night long managed to save the building from being wrecked. The Frithjof dragged her anchors half a mile during the storm and will be dispatched to Tromsø for repairs."

"All members of Wellman's party are in good health. It is expected the start for the pole will be made in the beginning of August."

## MINISTERS' MEETING

Interesting Meeting held at Corinth June 28-30—Good Membership in Attendance

Minutes of Ministers and Members meeting of the Ohio River Baptist Association, which met with Corinth church near Grand Rivers Friday June 28, and closed Sunday, June 30, 1907.

At 7 o'clock the Moderator, Elder E. B. Blackburn, called the house to order and after song service, Eld. L. G. Hughes read the 6th chapter of Hebrews, Eld. J. H. Butler led in prayer and Bro. Hughes preached from Heb. 7:25, "Wherefore he is able to save them to the uttermost that come unto God by him, seeing he ever liveth to make intercession for them."

The moderator announced ready for organization. Eld. R. A. LaRue was elected moderator and J. F. Coffey clerk, after which the meeting adjourned with prayer to meet at 1:30 o'clock p. m.

Friday Afternoon—After singing by the choir, Eld. E. B. Blackburn led in prayer. On motion the moderator appointed members present to take the subjects of those who were absent.

An able essay was read by Elder R. A. LaRue on the subject, "Contrast the Baptism of the Holy Spirit with the Spirit's work in regeneration." On motion the essay was received for criticism.

Eld. J. H. Butler thinks it a good essay, he also thinks it unscriptural to pray for the pouring out of the Holy Spirit, as on the day of Pentecost, but rather to pray for the filling by the Holy Spirit. The essay was further endorsed by Elds. W. R. Gibbs, E. B. Blackburn, L. G. Hughes and others.

Eld. R. R. Marshall thinks that the gift of the Holy Ghost passed with the Apostolic age. He liked the essay and the same was passed with its criticisms.

Song by the choir. Essay by Eld. W. R. Gibbs, "Will a man apostatize and be lost after regeneration?" His answer was "No." To prove this he read several passages of scripture on the security of the believer as recorded in the New Testament. On motion of Eld. L. G. Hughes the essay was accepted for criticism. The essay was heartily endorsed by a number of the brethren and on motion the same was passed as read.

On motion of P. A. Clarke, adjourned to meet at 9 o'clock Saturday morning was had.

Saturday—Essay by Eld. L. G. Hughes, "Should a church discipline its members who will not give to the spread of the gospel?" He believes in persuading and reasoning with them but not to exclude them. After hearing the different views of quiet a number on the subject, it was passed with criticism.

On motion of Bro. R. R. Marshall Eld. W. R. Gibbs was allowed to talk of the need of a new church in Panhandle, immediately after the sermon for criticism.

Sermon for Criticism—Eld. C. T. Clark read from the book of Jude and after prayer preached from Jude 1:3, "Beloved, whom I gave all diligence to write unto you of the common salvation, it was needful for me to write unto you, and exhort you that ye should earnestly contend for the faith which was once delivered unto the saints." Bro. Clarke preached an excellent sermon, which was indorsed and enjoyed by all present.

Bro. Gibbs then gave a talk on the needs of the church in Panhandle. He earnestly appealed to the people for money to liquidate the debt on the new house. A collection was made to which the people responded freely, the amount raised being fifty-three dollars and four cents. Then adjourning to meet at 1:30 p. m.

Saturday Afternoon—After song service and prayer the regular order of business was read.

On motion both sessions were limited to five minutes. The sermon for criticism was then taken up and highly commended by Eld. W. R.

Gibbs and a number of other able brethren.

Next subject: "Should every church have a prayer meeting and Sunday school?" by Eld. E. M. Eaton. Bro. Eaton had no essay but made his statement that every church should have a prayer meeting and a Sunday school.

On motion the body endorsed the statements made by Bro. Eaton.

Essay, "Duty of Deacons" by Bro. J. M. Chaudet. Bro. Chaudet read an interesting paper on the subject, setting forth the qualifications and duties of deacons as found in the New Testament. After short and pointed speeches of indorsement the same was adopted for criticism.

Exegesis of Acts 2:38 by Eld. J. H. Butler, "Then Peter said unto them, repent and be baptized every one of you in the name of Jesus Christ for the remission of sins and ye shall receive the gift of the Holy Ghost." The Elder read an interesting paper on this scripture which showed deep and careful thought.

On motion Bro. Butler was requested to have the essay printed in the Western Recorder.

On motion of Bro. P. A. Clarke adjournment was had until Sunday morning.

Sunday Morning—The congregation sang, "What a friend we have in Jesus." Prayer by Eld. L. G. Hughes.

On motion of Bro. Gibbs, the clerk is requested to have published in the Livingston Echo and Record Press the minutes of this meeting.

On motion the moderator appointed a committee appointed a committee on resolutions of thanks, but this was dispensed with by taking a rising vote of thanks to the people of Corinth neighborhood.

The moderator appointed Bros. W. R. Gibbs, L. G. Hughes and P. A. Clarke to prepare a program for the next Ministers and Members meeting.

On motion Eld. J. H. Butler was dispensed with the remainder of the program in favor of mission work for Corinth church.

The amount of money collected for missions was fifty-three dollars and twenty cents.

On motion adjourned. Eld. L. A. LaRue, Moderator. J. F. Coffey, Clerk.

#### Best Medicine in The World for Colic And Diarrhoea.

"I find Chamberlain's Colic, Cholera and Diarrhoea Remedy to be the best remedy in the world," says Mr. C. L. Carter, of Skirum, Ala. "I am subject to colic and diarrhoea. Last spring it seemed as though I would die, and I think I would if I hadn't taken Chamberlain's Colic, Cholera and Diarrhoea Remedy. I haven't been troubled with it since until this week, when I had a very severe attack and took half a bottle of the twenty-five cent size Chamberlain's Colic, Cholera and Diarrhoea Remedy, and this morning I feel like a new man." For sale by J. H. Orme, the leading druggist in Western Kentucky. Haynes & Taylor, the enterprising druggists, of Marion.

#### A Mothers Boy, Forever a Joy.

There is a story of a boy in college who was about to graduate. He wrote back to the farm for his mother to come. She said she could not do so, her clothes were worn and shabby and she could not afford to buy new ones. The boy said, "Come any how." The poor mother went in her best, but her garments were not stylish. The commencement was in a fashionable church. The son was prouder of his mother than his honors. He walked down the aisle with her to the center of the church and took her to the best seat. There were tears in her eyes and she burst out weeping when her son pronounced the valedictory. The president pinned a badge on his coat, but he took it and put it on his mothers faded dress, as he bent and kissed her wrinkled face. The boy with this kind of pride will be an honor to his country and his God. May his number increase and the shadows of his loveliness cover the world.

## \$100,000 Statue For Columbus.

Washington, July 9.—It was decided today to erect a statue of Christopher Columbus that will cost \$100,000 in the center of the plaza in front of the new union railroad station in this city where it was originally intended to erect a large fountain.

It is understood that the selection of this site was at the solicitation of members of the Knights of Columbus, which organization was responsible for the act of Congress appropriating the money for the statue.

## Killed Near Lafayette.

Mr. J. E. Quine, a tenant on the farm of Mr. John McCain, of near Lafayette, was killed by a runaway team last Friday while trying to save the life of a child, who was on the wagon with him.

Quine was driving a load of hay from the field and had with him on the wagon the little son of a neighbor who was a great favorite with him. After the wagon had gotten under good headway a colt ran in front of the team of mules and they started to run. In holding them and attempting to check their flight Quine was pulled forward on the hay and he saw that the child was in danger of being thrown off and probably badly hurt or killed. He then grasped the child with one hand and managed by a supreme effort to land it on the ground safely and out of range of danger from the team.

The effort caused him to lose his balance and he fell between the mules. One of the wheels of the heavily loaded wagon passed over his head, crushing it into a jelly and causing instant death. The accident was witnessed by several people among whom was a son of the dead man.

Quine was an industrious and highly respected citizen, and leaves a widow and two sons. Cadiz Record.

## Never Mind the Slippers.

Rockport, Ind., July 4.—While the immense crowd that attended the Fourth of July celebration was going from the amphitheater to the fair grounds where a barbecue was being served, the walk-way from the pavilion gave way and a panic ensued.

By almost a miracle no lives were lost. One man sustained a broken leg and many people were injured. A lady's slipper was sent flying under the heavy timber and the crowd immediately became frantic, the people believing some one might be dead under the debris.

Hundreds of men pulled the timber away, but before they had finished their work a woman limped up and claimed the slipper.

## A Live Wire

Every nerve is a live wire connecting some part of the body with the brain. They are so numerous that if you penetrate the skin with the point of a needle you will touch a nerve and receive a shock—pain it is called. Aches and pains come from a pressure, strain or injury to a nerve; the more prominent the nerve the greater the pain. When the pain comes from a large nerve it is called Neuralgia.

whether it be the facial nerves, or the heart, stomach, sciatic or other prominent nerve branch. To stop pain, then, you must relieve the strain or pressure upon the nerves. Dr. Miles' Anti-Pain Pills do this.

"I suffered intense pain, caused by neuralgia. I doctored and used various medicines without getting relief until I began taking Dr. Miles' Anti-Pain Pills. They did me more good than all the medicines I ever used. They never fail to cure my headaches, and I never leave any bad after-effects."

Dr. Miles' Anti-Pain Pills are sold by your druggist, who will guarantee that the first package will benefit. If it fails, he will return your money. 25 doses, 25 cents. Never sold in bulk. Miles Medical Co., Elkhart, Ind.

## Electrical Development.

A bill is before the legislature of Texas providing that all locomotives in that state be equipped with electric headlights.

Trackless electric trolley lines are growing in favor abroad. The latest one to be opened is between Spezia and Portovenere, in Italy.

Great Britain is seriously considering the adoption of the electric motive on the English canals. A special commission has the matter under consideration.

Several wireless telegraph stations will be established in the Turkish empire. Americans will train the Turks to use the instruments.

The city of Constantinople, with a million and a quarter inhabitants, is without electric light or power. German capitalists have been granted concessions by the Sultan and the city will very shortly be supplied with both light and street railways. Water power will be developed out far from the Turkish capital.

A shoe shining parlor has been opened in Denver in which only electrically heated brushes and polishers are used. Electrically heated irons are also used in the same establishment for pressing hats and clothes.

Now the church militant recognizes the value of advertising. The Fifth Avenue Baptist church in New York City, better known as the Rocketteller church, has erected a large electric sign, exciting no end of comment—and bringing results.

A new type of direct current generator has been produced by the General Electric Company, which gives greater power for less floor space and can be attached to walls or ceilings.

The new copper clad wire for telephone and telegraph lines is made by welding the copper to the steel in electric furnaces before the metal is drawn into wire. It is claimed the results are as good as though the wire was solid copper and the saving is considerable.

Danvers is the first city in the Turkish empire to be electrified, as three and a half miles of trolley line is now under construction. Power is secured from the falls of the River Barara, twenty-two miles from the city. The Turks believed for many years that electricity was the devil's power, and for this reason it was tabooed by the Sultan.

An electrical process for ageing flour has been perfected, doing away with the cost of storage and additional floor space. Instead of letting the flour age by standing, it is now done by allowing it to come in contact with air which has been ozonized by a flash of electricity caused by the breaking of an arc. The oxygen of the air, turned to ozone, acts chemically on the flour.

An electrically driven horse is in use in Berlin.

The newest thing in Teddy bears is one that has tiny incandescent light for eyes. A storage battery is provided, and when the bear's paws are squeezed the eyes light up.

Sir Hugh Bell, of London, prophesied a few days ago that a century hence a ship with hardly any machinery would speed across the Atlantic propelled by electric force generated by the falls at Niagara and transmitted to the vessel wirelessly. This seems incredible, but the electrical wonders of today would have seemed more so twenty-five years ago had they been foretold.

Wireless telephone experiments are being made on the New York curb between the brokers and their respective offices.

A railroad with a 72 per cent. grade at Weehawken, N. J., is one of the queerest ever built. It runs up a 300 foot incline and the cars are 30 feet wide and 40 feet long will carry a load of 50,000 pounds. They are operated by 300-horsepower electric motors and make the ascent in one minute, carrying both freight and passengers.

## CALDWELL COUNTY NEWS.

From the Princeton Leader

Alfred G. Hendrick, a prominent attorney of Paducah and private secretary to T. J. Nunn of the Kentucky Court of Appeals, was here Saturday en route from a business trip to Union county.

Miss Carrie Grace Akin and her mother, Miss Jimmie Akin, of Frankfort, have returned from a visit to Mrs. Hugh Hurley at Marion.

Miss Mary West, of Hopkinsville, Miss Nellie Guess, Roy and Compton Mann, of Orider, are guests of Mrs. J. H. Lowery of near Paducah this week.

Dr. J. N. Todd, of Paducah, was in the city the first of the week. Dr. Todd is one of Caldwell's most prominent physicians, and is spoken of as the most Democratic nominee for Representative of Caldwell county. He is a tall, well and a yard wide Democrat, and would make a splendid Representative.

The First Requisite of Beauty.

The first requisite of beauty is a clear complexion. Dr. J. H. Orme's Pink Pain Tablets stimulate the liver and bowels, the eyes become bright and clear. Show it to your friends to take it. Your complexion is bad. Dr. J. H. Orme's Pink Pain Tablets does not nauseate or irritate and is very pleasant to take. Be sure you get the genuine. J. H. Orme.

### Must Work or Move On.

Owensboro, Ky. July 11.—The farmers of this vicinity are having a hard time securing labor and the harvesting of the crops is being delayed from this cause. The wheat crop has been delayed a week or so and the farmers are trying to secure farm hands for work on the farms at present but are meeting with very little success. They are offering \$5 a day and board and the men will not go to work for that amount. The mayor has tried to break up the meeting on the court house square and has issued more stringent orders to the police to drive them away and make them accept the farmer's offers. Morganfield Sun.

## OLD LANDMARK GONE

R. W. Wilson Disposes of the Old Wind Mill that has for so Long Stood in His Yard

The tall wind mill and tower which has for twenty years stood in the yard of R. W. Wilson, was taken down Monday preparatory to removal to Crayneville. Charlie Deboe purchased the mill and will use it as power for operating lathes and emery wheels, etc. in his shop.

This mill first stood on the hill at Crittenden Springs, but was not a success there and was moved to Mr. Wilson's residence where by its cymmetry, its tall and graceful outline it has pleased the eye of all passers by. Since deep mining has been engaged in at Marion the well it stood over has failed of its water supply and therefore the usefulness of the mill has been a thing of the past for some time.

### Cured of Lung Trouble.

"It is now eleven years since I had a narrow escape from consumption," writes C. O. Floyd, a leading business man of Kershaw, S. C. "I had run down in weight to 135 pounds, and coughing was constant, both by day and by night. Finally I began taking Dr. King's New Discovery, and continued this for about six months, when my cough and lung trouble were entirely gone and I was restored to my normal weight, 170 pounds." Thousands of persons are healed every year. Guaranteed at J. H. Orme's drug store 50c and \$1.00. Trial bottle free.

### Died Monday.

And a little child shall lead them.

Monday morning the message came from Marion, Ky., of the ended short life of the one year old son, John Marshall, of Mr. and Mrs. Robert Drescher. The babe has been very frail all of his life, though recently, watchers, a brighter hope that the passing days were giving more ray of promise and the sufferer was known to be fading day by day, until in the early morning of the 1st, the spirit passed away. The babe was laid to rest in the Marion cemetery, and there was no grave, it seemed only a bank of flowers.

Mrs. Drescher was Miss Nell Marshall and spent several months here before her marriage to Mr. Drescher, of Marion, which place they made their home. At this time Mrs. Alice Dunham Marshall, of Mississippi, is with her daughter, Mrs. Drescher, and on Monday afternoon, Mrs. Mary C. Ledbetter, of Uniontown, and Mrs. G. P. Robertson went to Marion. Post, Morganfield, Ky.

### Failed.

All efforts have failed to find a better remedy for coughs, colds and lung troubles than Foley's Honey and Tar. It stops the cough, heals the lungs and prevents serious results from a cold. J. N. Patterson, Nashua, Iowa, writes: "Last winter I had a bad cold on my lungs and tried at least half a dozen advertised cough medicines and had treatment from two physicians without getting any benefit. A friend recommended Foley's Honey and Tar and two thirds of a bottle cured me. I consider it the greatest cough and lung medicine in the world." Sold by J. H. Orme.

### The Richest Indian.

Push-me-to-lay, former chief of the Osages, is said to be the richest Indian in the world. His wealth is estimated at \$2,000,000, and that of his entire family, consisting, besides himself, of three wives and seventeen children, of \$10,000,000. The riches of these aborigines are the result of the discovery of oil and gas on their lands. The old chief's monthly income from oil and gas royalties alone is \$30,000. He lives in a miserable log hut eighteen miles from Tulsa, I. T., and derives no real benefit from his large revenue. Ex.

## Remembers All.

Hearing my little nephew say his evening prayer is a big contract, for Solomon's at the dedication of the temple, was shorter than his average. But there is nothing mean about the child and as he belongs, on both sides of his house, to a big family, his individual petitions for all of those that have a drop of his blood in their veins and everyone that has married into the family, are exhaustive and exhausting. Sometimes he loses count and "begins all over again."

One night, after hearing that would have tired the patience of Job, I thought I saw signs of a broken thread of petition and fearing the child might stipulate that he "begin again" I suggested as a proper finale "and God bless all my dear friends." But he started up with red cheeks and a stamp of the small foot.

"You've got no business to say that to me, auntie," he cried, "I hadn't forgot I only stopped to get my wind." Ex.

I will mail you free, to prove merit, samples of my Dr. Shoop's Restorative and my Book on either dyspepsia. The Heart or the Kidneys Troubles of the Stomach, Heart or Kidneys, are merely symptoms of a deeper ailment. Don't make the common error of treating symptoms only. Symptom treatment is treating the result of your ailment, and not the cause. Weak Stomach nerves—the inside nerves—means Stomach weakness, always. And the Heart, and Kidneys as well, have their controlling or inside nerves. Weaken these nerves, and you inevitably have weak vital organs. Here is where Dr. Shoop's Restorative has made its fame. No other remedy even claims to treat the "inside nerves." Also for bloating, biliousness, bad breath or complexion, use Dr. Shoop's Restorative. Write me to-day for samples and free Book. Dr. Shoop, Racine, Wis. The Restorative is sold by Haynes & Taylor.

### In Memory.

Little Thelma King has gone home to dwell with Jesus and the angels. She was born November 18, 1900 and died June 27, 1907. Little Thelma, black eyed darling, is in that beautiful city with the angels. The little white casket will ever be an indelible picture in the minds of the dear parents, they will miss her much, yet when they think of the many sorrows she has escaped, they should bow in humble submission and say Thy will be done. Though the gloom of sadness is hovering over them, we would bid them to take comfort and exhort one another with these words "The dead shall hear the voice of the son of God and they that hear shall live." We humbly trust that that rich consolation may come to them from the giver of all good with the blessed hope of an eternal reunion in the home above, where sickness and sorrow is no more.

There's a smile for every sigh,  
For every wound a balm.  
A joy for every moistened eye,  
For every storm a calm.

Each tear is sent a smile to light,  
Each wound in mercy given.  
Each tear filled eye will yet be bright,  
Each storm be stilled in Heaven.  
A Friend.

### Hogs Dying.

Hopkinsville, Ky., July 3.—A strange disease has broken out among the hogs in some sections of the county and hundreds of them are dying. When first attacked, the animals lose the use of their legs and their hoofs swell to three times the usual size. Some die in a few hours while others live a day or so. Thus far all experiments have failed to furnish a remedy.

A cleansing, clean, cooling, soothing, healing household remedy is DeWitt's Carbolic Witch Hazel Salve. Sold by J. H. Orme.

### Baby Hanged to Bed Post.

Morgantown, Ky., July 5.—Mrs. Newt McKinney left her one-year-old baby on the bed while she went out to prepare a meal and when she returned found the child hanging to the bed post. The child fell off the bed and a string which had been tied around the neck to hold a toy caught on the bed post and choked the child to death.

## STURGIS' NEW RAILROAD

West Kentucky Coal Company Will Build Line from Whearcroft to Caseyville

It is now said to be a certainty that the West Kentucky Coal company will build a railroad from Whearcroft to Caseyville. This line will be built by the company in order to open up a route from the various coal mines to the Ohio river, the company having bought a great deal of mineral rights through the country which this line will penetrate.

The survey for the proposed route is now being made and it is expected that construction will begin as soon as the survey has been completed. The company already owns a line from Sturgis to Caseyville and the line from Whearcroft will connect with this at Sturgis.—Morganfield Post.

### Wise Counsel From The South.

"I want to give some valuable advice to those who suffer with lame back and kidney trouble," says J. R. Blankenship, of Beck, Tenn. "I have proved to an absolute certainty that Electric Bitters will positively cure this distressing condition. The first bottle gave me great relief and after taking a few more bottles, I was completely cured; so completely that it becomes a pleasure to recommend this great remedy." Sold under guarantee at J. H. Orme's drug store. Price 50 cents.

### Ice Famine.

Together with the awful heat Paducah's ice famine holds on. Hundreds of families in Paducah are still drinking their water warm and have no ice for the preservation of provisions. The cool weather of the spring, it is said, put the managers of the factories off the watch and not enough ice was put in storage to meet the demand for "100" in the shade class of weather.—News Dem.

When there is the slightest indication of indigestion, heart burn, flatulence or any form of stomach trouble take a little Kodol occasionally and you will get prompt relief. Sold by J. H. Orme.

### Bryan's Views on Waterways

Knowing the interest that would attach to the views of William Jennings Bryan on the subject of Inland Waterways, the Tradesman sent him the copy of this journal that contained the suggestion to President Roosevelt for the government to equip and operate the waterways, with a request for such expressions thereon as he might feel disposed to give.

It will be noted from the statement given below that Mr. Bryan favors the improvement and use of the waterways to the largest extent possible, but as "government equipment and operation" might possibly contain the germ of a new political issue, Mr. Bryan exhibits more than his usual discretion in giving expression to his views on that phase of the subjects. Here is his statement made in a letter to the Tradesman.

"Am in favor of waterways, as many as can be secured as fast as we can secure them. The heavier kinds of merchandise can be hauled more cheaply by water than by rail and waterways would not only reduce the rates on such commodities, but relieve the congestion of railroad traffic. I am not prepared to discuss all the details connected with this question, or to lay down an inflexible rule as to state or federal control. Shall be glad to consider the argument presented."—The Tradesman.

## Stop That Cold

To check early colds or Grippe with "Preventics" means sure defeat for Pneumonia. To stop a cold with Preventics is safer than to let it run and be obliged to cure it afterwards. To be sure, Preventics will cure even a deeply seated cold, but taken early—at the sneeze stage—they break, or head of these early colds. That's surely better. That's why they are called Preventics. Preventics are little Candy Cold Cures. No Quinine, no physic, nothing sickening. Nice for the children—and thoroughly safe too. If you feel chilly, if you sneeze, if you ache all over, think of Preventics. Promptness may also save half your usual sickness. And don't forget your child. If there is feverishness, night or day. Herein probably lies Preventics' greatest efficiency. Sold in 5c boxes for the pocket, also in 25c boxes of 45 Preventics. Insist on your druggists giving you

## Sour Stomach

No appetite, loss of strength, nervousness, headache, constipation, bad breath, general debility, sour risings, and catarrh of the stomach are all due to indigestion. Kodol relieves indigestion. This new discovery represents the natural juices of digestion as they exist in a healthy stomach, combined with the greatest known tonic and reconstructive properties. Kodol for dyspepsia does not only relieve indigestion and dyspepsia, but this famous remedy helps all stomach troubles by cleansing, purifying, sweetening and strengthening the mucous membranes lining the stomach.

Mr. S. B. Ball, of Ravenswood, W. Va., says: "I was troubled with sour stomach for twenty years. Kodol cured me and we are now using it in bulk for baby."

## Man Falls Six Hundred Feet.

Colorado Springs, Col., July 10. —Frank G. Schrieber, age 21 years, son of W. M. Schrieber, a Shore Line car inspector living at 912 Conejos street, had a narrow escape from being dashed to death on Eagle cliff while fighting a large female eagle after robbing its nest of two young birds. Schrieber partly fell, rolled, and slid down the side of the mountain, which is rather precipitous, for 600 feet, and sustained scores of bruises, cuts, and skin abrasions by striking the sharp edges of rocks in his descent.

Schrieber was assisted in robbing the eagle's nest by a chum, Andrew Weise. Eagle cliff is over 700 feet high, and the nest was built in a break in the rocks 100 feet from the top.

Schrieber and Weise climbed to the top of the mountain, from where the former started down to the nest, holding onto a quarter inch rope which the young men had tied around a boulder at the top.

Schrieber secured one young eagle, but the other flew away. Schrieber tied the captured eagle to the rope, and Weise pulled it to the top of the cliff. Weise lowered the rope again so that Schrieber might climb back to the top.

The mother eagle had returned by this time, and discovering the loss of her young began attacking Schrieber, who held onto the rope with one hand to keep from being swept from the face of the mountain to his death. With his free hand Schrieber pulled his revolver and fought off the eagle, finally striking it so hard on the head that it was killed.

Schrieber then started to climb to the top of the cliff, holding onto the rope. The rope broke suddenly at a point weakened by friction against the rock and he began falling, sliding and rolling to the bottom of the mountain, where he landed almost unconscious. Schrieber was hurried to town for medical attention.

The dead mother eagle measured five feet five inches from tip to tip.

## Obituary.

Mrs. Leta Frailek, wife of Thomas Frailek, was born May 27, 1835 and died June 30, 1907. She professed faith in Christ at the age of fourteen and joined the Piney Creek Baptist church. She remained a member of that congregation until Walnut Grove was organized she then moved her membership to that place and remained a member until Blackburn church of which she became a member and remained true until death. But God called her away from her church, her husband, her children, her sister and friends, who knew her only to love her, to live with Jesus and the angels, home to heaven where there is no pain nor death.

She was married to Thomas Frailek November 18, 1858. To this union were born seven children, five of which still survive her. She was a kind friend, a good wife, a loving mother and a good neighbor, who was a light in her own home and the homes of others.

Funeral services were conducted by Jasper Orider after which her remains were laid to rest in the family cemetery to await the resurrection. She will be missed at home and by her neighborhood and church. Weep not dear husband, your loss is heaven's gain.

## Ice Famine Continues so Does Hot Weather.

While the ice famine is still under full sway in Paducah it is believed that the break down in machinery at the factories will be fixed by Thursday and the suffering of thousands of people will come to an end.

Wagons that have left the yards by side streets in order to reach regular customers have been restricted and never a policeman interfered. The cause of the famine was a sudden break down in the machinery at the ice plants. Under the present conditions a cake a minute is turned out at both the First street and Third street factories. That is a total of 2,880 a day and many times too little to supply the city demand alone.

No wagon is allowed to receive over 20 cakes at a time—a ton. Pursuing doors are not opened until 20 cakes have been taken from the refrigerating cans.

People with baskets, buckets and pieces of carpet and papers have walked for blocks to buy a chunk of ice. —Paducah News Democrat.
